

===== Welcome to your new DokuWiki ===== Congratulations, your wiki is now up and running. Here are a few more tips to get you started. Enjoy your work with DokuWiki,\\ -- the developers ===== Create your first pages ===== Your wiki needs to have a start page. As long as it doesn't exist, this link will be red: `[[[:start]]]`. Go on, follow that link and create the page. If you need help with using the syntax you can always refer to the `[[wiki:syntax|syntax page]]`. You might also want to use a sidebar. To create it, just edit the `[[[:sidebar]]]` page. Everything in that page will be shown in a margin column on the side. Read our `[[doku>faq:sidebar|FAQ on sidebars]]` to learn more. Please be aware that not all templates support sidebars. ===== Customize your Wiki ===== Once you're comfortable with creating and editing pages you might want to have a look at the `[[this>doku.php?do=admin&page=config|configuration settings]]` (be sure to login as superuser first). You may also want to see what `[[doku>plugins|plugins]]` and `[[doku>templates|templates]]` are available at DokuWiki.org to extend the functionality and looks of your DokuWiki installation. ===== Join the Community ===== DokuWiki is an Open Source project that thrives through user contributions. A good way to stay informed on what's going on and to get useful tips in using DokuWiki is subscribing to the `[[doku>newsletter]]`. The `[[http://forum.dokuwiki.org|DokuWiki User Forum]]` is an excellent way to get in contact with other DokuWiki users and is just one of the many ways to get `[[doku>faq:support|support]]`. Of course we'd be more than happy to have you `[[doku>teams:getting_involved|getting involved]]` with DokuWiki.
